									RETAIL
ELISE EXIGE	04 -			2ZZ-GE	Single	REGULAR	ACL23152-16		1,699
					Twin	REGULAR	ACL23250-14		2,499

**<Note>**

\* Pressure Plate Rate: "REGULAR" = "1350kg/1600kg" "STREET" = "1100kg/1300kg".

\* "Regular" is designed with 20 % more clamping force than "Street" (One of the objectives of a performance clutch is to increase the torque delivery. The higher the clamping force is, the more torque is delivered.)

\* "Type R disc" assemblies may also be available for certain applications.

\* "Light weight flywheel" assemblies may also be available for certain applications.

\* **Please contact CARBONETIC for details.**
